Assessor Comments	On offer is 95 Simmental cross Brahman Yearling Heifers. Heifers range from 250kg to 407kg, to average 328.9 kg at time of assessment prior to curfew. Heifers are preg-tested empty for buyers confidence. The hard work done has been with these Heifers due to vendors carrying out cell grazing techniques to maximise weight gain and overall management of the cattle resulting in Heifers being great to handle. Heifers present in forward store condition, demonstrating great growth and frame for age. Heifers would be ideal heavy backgrounders or potential Future Breeders.
