Stirry: 1 head

Steers were an absolute treat to work with during the weighing process, myself made comment of how quite they were, the odd steer did unsettle in crush or during photography but quickly settled back down once pressure was taken off.

Assessor Comments

A smart line of vendor bred Angus x Angus feeder steers from the renowned MJ Shanahan herd, These steers are very well bred using outstanding genetics from rennylea. The MJ Shanahan steers receive positive feedback from both grass & grain finishers & are highly sought after by feedlots. These steers are in store condition with plenty of potential for further weight gain.
