Vendor Comments

Sale of feeder steers due to dry conditions. Would have liked to keep them to grow out to domestic/export steers but season won't allow.

Handled With	Well handled steers that moved through the yards well. Odd steer was excited in crush but settled back into mob quickly. Bikes , Vehicles		
Notable Traits	Traits 3 Head White flank		
Assessor Comments	2 Decks of quality Monaro bred Angus feeder steers. Steers have performed terrifically since arriving and present in forward condition. Vendor was hoping to take through to domestic/export kill weights but season wont allow. Steers were purchased from reputable Monaro vendors as weaners and have been going forward running on native granite country.
