	Steers were good to weigh across the scales with only a few getting worked up, out in the holding paddock they did circle a bit getting the photos nothing to worry about just eager to get back to their paddock. Once let out the all walked back in a casual manner.

Assessor Comments	Waterloo Ag will offer 77 Hereford Steers, March/April '25' drop, Injemira Bld, weaned, PCAS, Grass Feed & Antibiotic Free. Steers will present genuine healthy store to forward store condition all having been weighed from 280 - 350kg ave 319kg. Outstanding line of Hereford steers that come with over 70 years of breeding, these steers display great length, depth, width and bone all the breeding shining through. Steers would be ideal to background or carry through and finish on grass or grain later on. Vendor only purchase top end bulls of Injemira each year. These steers are very well bred and will continue to flourish with feed in front of them.
