	Heifers mustered well ex paddock with movement but blocked and yarded well in yard. Preg tested up race heifers ran well in general stood well for preg test. Re -worked back through yards for weighing. In general station heifers that have been worked through yards 4-5 times/ trucked are well handled stock. Good to work steady when not pressured.					
Handled With	Bikes , Vehicles					
Assessor Comments	96 Angus and Black Baldy Pastoral heifers from strong well -bred female herd. Regular buyer of southern sires. Preg tested not detectable by vet with ultra-sound probe. 100% weighed after overnight yard curfew and preg test 238-320 kg avg 281kg well and truly curfewed. Heifers have the frame and growth to move forward quickly. Allandale station strong background high grade cattle. De-pastured southern property 2-3 months. Buyers note last 6km non- B Double route. Extended payment terms to approved settling agent 90 days.
