	Stirry: 4 head		Stirry: 4 head			
	Heifers mustered well ex paddock with movement but blocked and yarded well in yard. Preg tested up race heifers ran well in general stood well for preg test. Re -worked back through yards for weighing. In general station heifers that have been worked through yards 4-5 times/ trucked are well handled stock. Good to work steady when not pressured.					
Assessor Comments	64 Hereford/Hereford Santa cross Pastoral heifers, fully weaned, Preg tested not detectable by vet with ultra-sound probe. Mixture of British bred with influence of clean coated types. Red types drafted from Angus heifers on offer this sale. Fresh strong forward store condition fully backgrounded with growth to forward ahead. 100% weighed after paddock muster 230-320 kg average 279 kg . Allandale station has a good history producing high grade cattle. De-pastured southern property 2-3 months. Buyers note last 6km non- B Double route. Extended payment terms to approved settling agent 90 days.
