Assessor Comments	Buyers, here is a great opportunity to purchase weaned well bred heifers with compensational weight gain averaging 254kg. These heifers show nice spring of rib with softness, volume and are extremely smooth easy doing types. Heifers have good bone with length being bred for fertility and performance. Heifers are bred out of Gibson Pastoral medium to larger frame cross bred cows by Angus & Purchased composite bulls. Heifers were extremely quiet to handle through yards. These heifers are in there working gear ready to do. Note 8 heifers small old blight scaring but not detrimental. 7 heifers tipped at assessment. Vendor has other line in same sale.
