Assessor Comments	A fantastic line of quality vendor bred spayed feeder Heifers all within feedlot entry spec. These Heifers are bred out of a Santa and Angus cross cow herd and by registered Santa and Angus Bulls. Originally bred on lighter country then backgrounded on improved pastures with no supplement feeding at all. They possess good bone and frame and would make exceptional feed on heifers. All were mouthed at assessment with the break up being 7x2 teeth, 1x4 teeth. Heifers are located in the ticks though the vendor will present them clear upon pick up. Please note vendor also has similar weight steers in same sale.
