Handled With	Bikes , Dogs , Horses
Assessor Comments	A fantastic line of quality vendor bred feeder steers all within feedlot entry spec. These steers are bred out of a Santa and Angus cross cow herd and by registered Charolais and Angus Bulls. Originally bred on lighter country then backgrounded on improved pastures with no supplement feeding at all. They possess good bone and frame and would make exceptional bullocks. All were mouthed at assessment with the break up being 20x2 teeth, 2x4 teeth. Steers are located in the ticks though the vendor will present them clear upon pick up. Please note vendor also has similar weight spayed heifers in same sale.
