	These cattle have been well handled by Stockmen, using dogs and Horses mostly. Heifers handled well through the yards. Odd heifer a little stirred up in crush but they had been preg tested an hour earlier		
Handled With	Bikes , Dogs , Horses , On foot		
Assessor Comments	PTE Vendor bred Angus X Heifers Grass fed & Antibiotic Free. The Fogarty cattle are commonly purchased by repeat buyers. These heifers would normally be grass fattened for a grass kill. These Heifers are well suited to go onto crop or onto the feed bin. Odd heifer noted with pink eye scarring not detrimental. Please note some Heifers show more ear and sheath than southern Angus. Please note vendor has another line Angus heifers in the same sale.
