| Assessor Comments                     | Angus steers ready to really go ahead if given the opportunity. These steers range from 325-432kg at assessment and should go onto meet most market specs. Steers are by vendors own Angus cows, originally purchased via A+. 2 steers seen with slight ringworm, and 1 seen with slight wart. 2 steers seen with very small scur. Steers were quiet and easily handled with the occasional steer becoming slightly agitated on the scales, quickly calming once removed. |                                           |                                     |
