Assessor Comments	Quality line of spring-drop, vendor-bred Angus steers. These very well-bred steers are out of medium to large framed Bongongo, Galimbang, Rennylea and Reiland Angus-blood cows, and are sired by high-indexing Bongongo, Reiland and Flemington Angus bulls. At just 4–5 months of age, these steer weaners are showing excellent growth and weight for age and would suit any backgrounding or finishing program. Steers were yard weaned at assessment, have received all standard health treatments, and are ready to steam ahead. Previous buyers have been very happy with the performance of the Marathorn steers, making this a reliable and proven line.
