| Assessor Comments      | Annual draft of the tops of the drop Angus steers 7-8 months being offered on behalf of Narrawa Seeds, noted performers in both grass and feedlot environments for many years. Bred from big roomy females and carrying decades of Dunoon and Glenruben Angus bloodlines with a recent infusion of Hazeldean bloodlines, these steers have all the potential to take through to heavy kill cattle at a young age. Steers that are well weaned and well managed and were a pleasure to handle throughout the assessment process. Steers come with a PCAS grassfed declaration. |
