Temperament

Yards	Crush	Paddock
Quiet: 6 head Slightly Stirry: 4 head Stirry: 3 head	Quiet: 6 head Slightly Stirry: 4 head Stirry: 3 head	Temperament not assessed in Paddock

Heifers reasonably fast in most areas of the yards. There are ring leaders considered stirry in the bigger yards that has a detrimental impact on the balance. Yards were very wet with plenty of strangers present when assessed and the vendor mentioned it was out of character to their normal behaviour. Yard design is also not conducive to handling cattle in a quiet manner. Broken in and hand fed with hay from a buggy so easy to handle in the paddock. Odd one could become aggressive if isolated.

Handled With	Bikes , Dogs , Horses

Notable Traits

	Traits
1 Head	Fly rub

Assessor Comments	A small lot of F1 Angus/Brahman and Black Limousin/Brahman cross heifers to suit a backgrounder to take up to heavier weights for entry into feedlots for the domestic market. Also display enough quality to attract restockers to secure heifers to grow out and use for further breeding purposes. These were removed a line of 35 predominantly black heifers being offered in another lot that can go with these if required. Buyers in tick free areas please be aware these are guaranteed clear of the ticks.
