Quiet: 15 head Slightly Stirry: 1 head	Quiet: 14 head Slightly Stirry: 2 head	Temperament not assessed in Paddock

These heifers handled very well though the yard and required little to no steadying through gateways. They loaded easily up the race and flowed well to the crush. A very small number became slightly agitated in the crush but settle quickly once returned to the mob. It is recommended that these heifers become accustomed to their new surrounding before being bushed.
