Steers were very good to handle in the yards. Steers walked through yards very well while being assessed and 2hd got slightly agitated while being in confined space and then settled once returned to bigger mob.

| Assessor Comments | Buyers a very good line of British X Steers for sale. These Steers are very well bred and present in ideal store condition, Steers showing good frame and would suit the heavy feedlot market or would suit a Bullock fattening program. Steers are well known for their performance on feed and the vendors won the feedlotting carcass competition in the Wandoan show in 2025 with the same type of Steers. |
