Assessor Comments	A great opportunity to purchase some outstanding quality Angus heifers displaying good breed character traits. The heifers are sired by Eaglehawk and Texas Angus bulls, heifers were running on millet crop until assessment and will now be fed on millet silage and barley hay. Heifers were a pleasure to handle in yards and crush. They would be ideal future breeders or to feed on as trade weights. One heifer has a white spot on head with another showing some white underneath which can be viewed in the photos.
