Comment on Fat Score 1 Cattle

Waners are in very strong fresh condition and would handle a long travel.

Vendor Bred

Yes

Stock History

Self replacing herd over 90% bred using principally Glenavon, Bald Blair and Eastern Plains Angus Genetics

Lifetime Traceable

100% of cattle in this lot are Lifetime Traceable

Bloodlines

Weaners were sired by Heart and Bridgewater Angus bulls.

Grazing Conditions

Dry Improved and native pasture.

Returned same

Burr/Seed in Coat

No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status

The owner declares that the cattle have not been treated with HGP at any period of their lives

Health Treatments

Vaccinated22/11/20257 In 1Second Dose

Vendor Comments

Lead draft of heifer weaners that would normally be kept as replacements or taken to much heavier weights but due to dry conditions calves have to be taken off early. Weaners are in great condition and should thrive going forward.

Joining Details

Not Station Mated

Any Access To Bulls or Stags?

To vendor's best knowledge, this lot has had no access to bulls or stags.

Slightly Stirry: 2 headPaddock

weaners were great to handle for unweaned calves and showed no real unsettled behavior.

Handled With	Bikes
Notable Traits	Traits 2 Head Heifers showing slight navel
Assessor Comments	A cracking line of well bred Angus X Angus steer weaners on offer that wont disappoint, this is the lead draft that offer a great chance to beat the rush and secure your weaners now. These Heifer weaners present in great forward condition and were bred out of large frame cows that consist of Glenavon, Bald Blair and Eastern Plains angus genetics. Heifers are usually weaned off the cow and kept for replacements or carried through to heavier weights but given the continuing dry conditions in the area and lack of feed a decision has been made to sell the lead draft of heifer calves to ease the numbers. Off the back of great New England Angus genetics these heifer calves will make great replacements or suit all Angus feeder or finishing markets going forward. Ideal low dollar Articles to put away for when the rye grass and oat crops come up.
Assessor	Steve Daley (Level 1 Accredited)
