Assessor Comments	A nice of Angus EU steers. The Southwell family have spared no expenses purchasing top quality sires from Booroomooka and Knowla Angus studs based on better then average carcase traits and doability, whilst maintaining a well structured animal. These steers are highly reputable in feedlots. Vendor usually keeps steers for oat crop but selling due to seasonal conditions. A good opportunity to secure a nice line of steers that given the right opportunity will perform. Vendor has another deck of steers and 4 decks of heifers in same sale. Buyers please note steers weaned at assessment, upon delivery odd steer may have a weepy eye due to dust and dry conditions, please take that into consideration. No steer will be loaded that has active pink eye
