| Assessor Comments      | A nice of Angus EU heifers. No heifers retained buy with confidence. The Southwell family have spared no expenses purchasing top quality sires from Booroomooka and Knowla Angus studs based on better then average carcase traits and doability, whilst maintaining a well structured animal. These heifers are highly reputable breeders. Vendor usually keeps heifers future breeders or fatten for oat crop but selling due to seasonal conditions. A good opportunity to secure a nice line of heifers that given the right opportunity will perform. Vendor has another 4 decks of steers and 1 deck of heifers in same sale. Buyers please note heifers weaned at assessment, upon delivery odd heifers may have a weepy eye due to dust and dry conditions, please take that into consideration. No heifers will be loaded that has active pink eye |                                                              |  |
