Any Access To Bulls or Stags?

No

Vendor has owned stock for 6-12 months

Approximately 95% of these heifers are vendor bred sired by top Ardrossan Angus bulls, the 5% non vendor bred heifers are Table Top Angus blood.

100% of cattle in this lot are Lifetime Traceable

The vast majority of these heifers are sired by high quality Ardrossan Angus bulls, selected for moderate birth, with high growth & IMF EBV's.

Supplementary fed on a mixture consisting of cracked barley, wheaten straw & silage.

Returned same

No Burr or Seed of weeds declared noxious observed in the coats at assessment

The owner declares that the cattle have not been treated with HGP at any period of their lives

Cattle are within a Withholding Period or Export Slaughter Interval for: Zeromec pour on as of 14/01/2026 for 42 days

Assessor Comments	A/c Bonoak present an outstanding line of 75 classed in, pregnancy-tested empty yearling heifers, predominantly carrying top-quality Ardrossan Angus bloodlines. These heifers offer genuine dual-purpose appeal. For the feedlot buyer, they have been set up correctly, having received their first Bovilis MH + IBR vaccination on 14/01/26 and have been supplementary grain-fed since 04/01/26. They are PTE and present in forward condition, weighing 432–520kg (full) at assessment, with the frame, weight, and performance capacity to continue powering ahead on a full grain ration. For Angus breeder operations, these females display strong maternal traits, structural correctness, and the depth and softness expected from quality Ardrossan genetics. With their sound structure and proven bloodlines, they represent an excellent foundation for future breeding programs. An even, well-grown line of versatile heifers suitable for both short-term performance and long-term genetic investment.
Assessor	Brett Shea (Level 1 Accredited)

Delivery Period	23/02/2026 to 28/02/2026 (6 days)
