Assessor Comments	A very good quality line of vendor bred Angus heifer weaners presenting in forward fresh condition. Yard weaning commenced Saturday 14th February for 7 days, then returned to pasture, supplemented with hay and weaner pellets, until delivery. Exceptionally quiet cattle that are a pleasure to handle. An ideal starter mob for small holding or would complement existing herd as future breeders. Annual sale of heifer weaners being offered earlier than usual this year due to continuing dry conditions. Vendor also has lot of 14 Black Simmental X Angus heifer weaners offered in same sale.
