Assessor Comments	A excellent draft of 100 weaned steers. ACC Webb Pastoral. This is the lead draft of the steers with a light tail being removed. Out of the renowned Angus cow heard. These steers have been well weaned, being weaned back in mid November. Steers have been weaned onto summer crop and have been putting on weight every day. Showing good bone, length and plenty of body these steer are ideal to take through the winter and into spring will meet Trad or Export markets given the right conditions. A few steers have had pink eye in past but healed up not detrimental to the animal. Steers were very quiet and an absolute pleasure to handle through the yards come with my highest recommendation.
