Assessor Comments	Watervalley offering 110 Angus steers, Individually weighed from 260 to 320 kg, presenting in fresh forward store condition, steers are showing good frame and stretch. These steers are a even line drafted for quality and type. They have been subjected to dryer conditions, bred on light sandy country but capable of fast compensatory weight gains when shown good hard feed. Weaned at different times from multiple mobs then weaned and placed at Ebenezer Downs. Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for improver cattle to add value to their purchases.
