Assessor Comments	Here presents a line of Crossbred Mickeys. These Mickeys present in forward store condition and given the right opportunity would perform very well for the successful purchaser. These males were weaned one week prior to assessment and left in a holding paddock on lucerne hay where they will remain until delivery. Mickeys would normally be cut and grown out to export weights but due to the current seasonal conditions are being offered as backgrounders. Ideal males to castrate and background for Domestic or Export markets. Buyers please look at photos for own breed assumptions, vendor has a herd based on multiple Bos Indicus crosses. Buyers please note four mickeys carry old pinkeye scarring but doesn't affect their sight in any way and three mickeys carry light wart. Buyers, please also note vendor has four other lots in sale. An opportunity to acquire four decks of Flatback Composite Mickeys.
