A small amount of steers got a little fizzy in the yards but setteled once left alone, cattle were easy to handle and process in and around the yards.

Notable Traits

	Traits
4 Head	Old pink eye scarring in one eye

Assessor Comments: An even good quality line of Angus x Angus steers that are ideal backgrounders or feeders. Steers were purchased as weaners back in late June of 2025 out of the Tamworth region, steers would be normally taken through to heavier feeder weights but unfortunately due to the continuing dry conditions have to be sold early. Steers have done well so far and will continue on a forward protectory, perfect steers to add another 150 or so kgs quickly too. Steers to fit all angus markets.
