Assessor Comments

Buyers on offer is 38 EU vendor bred unweaned Santa Gertrudis good quality steers, weighing 190-287kgs to ave 226.9kgs at assessment. Steers present in store to forward store condition and as they are doing very well while still being on mum. Steers are out of large framed, heavy boned, soft, easy doing pure Brookside blood Santa Gertrudis cows and by top quality pure Brookside Santa Gertrudis bulls, the Brookside blood cattle have a very strong reputation and come with our full recommendation. Steers would be ideal to take home put onto grass or crop and grow out for either the supermarket trade or take on to export bullocks. Please note that steers are unweaned and they will be weaned onto the truck at delivery. This vendor has 2 lots in this sale that would make 2 decks up.
