Assessor Comments

Buyers a good line of Angus and Angus cross Steers which have had a start on oats and have been carried through to feeder weights on forage sorghum. These Steers are an ideal article to suit an MSA or grass fed kill job. Steers show good length, bone and softness with breeding shown throughout. Two Steers noticed at assessment with old scarring being noted as not detrimental. Buyers please note 1 Steer has white face, 1 Steer has Speckle, and 1 Steer is grey. Please see photos for further satisfaction.
