Assessor Comments	Buyers, a small line of lightweight weaned steers from Paspaley Pastoral Company that have presented in store condition. It is very dry here, so the decision has been made to quit them now in an effort to retain feed for mature aged females. These would suit a restocker looking to background up to domestic or export feedlot entry specifications. They are a mix of straight Angus and F1 & F2 Angus/Poll Hereford cross types. They are very good to handle in all areas of the yards and appear heathy with minimal eye issues. There is photo attached that is an example of only one steer with a very minor eye lesion that was noted but there appears to be no sight problems. There is also a larger lot of the heifer portion and a slightly older lot of heifers from the same property that are also included in the sale. Parallel assessment Jono McMahon & Jake Evans.
