	Although the Steers have been in yard weaning pens for over 2 weeks, they were slightly agitated in the yards and feeding pens and trotted rather than walked, they did settle down once back on feed & water.		
Handled With	Bikes , Dogs , Vehicles		
Assessor Comments	A uniform line of vender bred steers in forward store condition, good frame and bone, Bongongo genetics. Yard weaned for 2 weeks and will be returned to the paddock with supplementary hay. An ideal opportunity to secure some well bred steers to capture the feeder market. NB. 2x steers had some small white markings on the underbelly.
