Assessor Comments	An excellent run of weaned Angus heifers out of the renowned Hazeldean commercial herd. This lot represents the complete drop of weaner heifers from Hazeldean Springdale herd (tail removed) and are being offered to the open market due to tight season. Heifers have come through weaning process well and are starting to pick up, looking fresh and healthy. Heifers are highly sought after, noted for the doing-ability, quiet nature and all the Hazeldean key breeding objectives making them high quality matrons in the future. Please note: Odd heifer picked up pink eye shortly before weaning and look to have all healed up but still showing blue eye scarring (not detrimental). 4 heifers with slight white on flank. Hazeldean have 160 steers and 105 heifers in todays sale over 4 lots (2 Adelong properties)
