Assessor Comments	EU ACCREDITED Angus Heifers. TOPS OF THE DROP. The Nankervis family have over 25 years of Alpine Angus bloodlines, with no expense spared on genetics with a focus on above average growth and carcass attributes. Now focusing on some new bloodlines, these calves are by top quality Aarden Angus bulls T12 & S28, Alpine T471 & Knowla Superior S44 (AI). They display length, good bone and shape, presenting in fresh store condition. Weaned early given the tough seasonal conditions, but were well looked after with supplementary feed. Proven performance cattle with repeat buyers operating to purchase these cattle annually. A very rare opportunity to purchase these TOPS OF THE DROP heifers, normally always retained but due to seasonal conditions are being offered for sale. The temperament of these heifers was excellent, with the cattle a pleasure to handle.
