	A very easy line of Heifers to handle & asses. Heifers showed no issues during yarding or drafting & stood calmly for photos/videos. Moving throughout the yards & into the crush on the scales with ease. Heifers have been well handled & are very used to people working close with them.

Assessor Comments	31 Yard Weaned NSM Future Breeding Angus Heifers, presented by Peacock Rural Holdings in magnificent order. These Heifers are the 'tops of the drop' and have been set for sale only due a lack of paddock availability. Having purchased PTIC Heifers from 'Kerin Ag' & 'Leawood Angus Stud' these calves are impeccably bred & will continue to grow out & improve in any program. Ideally suited for future breeding, Heifers show signs of great temperament & high performance ahead of them. Majority of calves sired through A.I. conception by "Millah Murrah Rocketman" & naturally by leading "Leawood Angus" Stud Sires. Heifers are very well handled and are an article not to be missed. A huge buying opportunity for anyone looking to inject some new quality into your herd. Heifers come with my full recommendation, have had all the treatments necessary & have been well maintained with hay & silage. Quality. Quiet. Easy.
