Assessor Comments	Good line of Angus steers that were purchased as weaners from local weaner sales to be carried through to heavy feeder steers. Steers have been Bovilis treated and would normally be carried on for another 2 to 3 months, however poor seasonal conditions have forced their sale. Steers weighed 380kg to 471kg to average 417.8kg after a 16-hour curfew. Steers will be delivered to Tenterfield Saleyards and if purchased live weight, will be weighed at 7am following an overnight wet curfew.
