	Steers were very easy to handle throughout the yards. Were very easy to draft with two steers noted to be slightly quick through the pound. Two steers were slightly agitated in the crush but settled quickly back into the mob. Good cattle to handle.					
	Bikes , Dogs , On foot , Vehicles					
Notable Traits	Traits 2 Head White under belly - behind navel.					
Assessor Comments	Quality Angus x Angus weaned steers carrying quality genetics including Trio, Wattletop, Gates and Booroomooka. Steers have had a tail removed and are weighed into a neat line weighing between 240kg - 330kg. Steers are running on lighter New England country and are showing good weight for age. These steers would perform well for any high end angus market. Great opportunity to secure well bred, easily handled steers.
