	Very well handled steers with the odd one stirring up once confined in the race but once released into mob settled straight away. Please see video - this is the first time these steers were let out of the yards during weaning.		
Handled With	Bikes , Dogs , Horses , Vehicles		
Assessor Comments	A top quality draft of weaned antibiotic free, grass fed and homeopathically raised Angus steers. Sired buy high indexing Texas Angus bulls. Steers were weaned on the 25/2/26 and will remain in yards on high quality oaten hay until delivery. Will also be handled & broken outside to dogs & bikes A nice line of high performing Angus steers not to be missed for any grass fed, domestic program or long fed Angus job. The Lonergan cattle have a wonderful feedlot performance history. Please Note: A couple of steers were noticed to have old pink eye scaring not considered detrimental or affecting them in any way. 3 steers noticed to have small amount of white under flank.
