These steers were very good to handle in yards and through crush.

Assessor Comments

A good quality line of steer weaners sired by Temania blood Angus bulls.These steers have been locked up and fed since

the 3/2/26. They have been on a ration of Vetch hay, pellets, 8% Furneys brew & CalMag-Life organic. These steers present in good health and will continue to go forward and grow out to suit either fat or feeder markets given the right nutrition. These are the lead draft of 59strs out of 90 steers in total. The vendor also has 69 of these sisters in this sale. Please note 2 steers with white scar on eye and the odd steer with a little bit of white on belly.
