	These Heifers ran into the yard well. A few did not settle in the yards straight away and were a bit stirry first up, more trying to get away from you. After assessing they settled once back with the mob. To be fair we ran them in and started the assessing process straight away. The odd one played up in the crush , nothing unusual there. Overall Heifers that are easy handled by experienced operators.

Notable Traits		
	Traits	
2 Head	Slight cloudy eye from old pink eye infection.	

Assessor Comments	A tidy line of 40 Millah Murrah blood Heifers that are going forward and are the ideal weight to join or alternatively finish on grain or grass. They are Heifers that will make for front paddock cows. As you can see by the videos they have the frame , conformation and muscle pattern you would expect from the Millah Murrah blood lines. The breeder has selected bulls on type not price and this shows through. A couple have a slightly cloudy eye, see photo. There is another lot of Steers from this breeder also in this sale. Inspections prior to sale welcome.
