| | These Steers ran into the yard well. A few did not settle in the yards straight away and were a bit stirry first up, more trying to get away from you. After assessing they settled once back with the mob. To be fair we ran them in and started the assessing process straight away. The odd one played up in the crush , nothing unusual there. Overall Steers that are easy handled by experienced operators. |

| Assessor Comments | A tidy line of 57 Millah Murrah blood Steers that are going forward and have the weight, condition and conformation to power head on grain or gras. The breeder has selected bulls on type not price and this shows through. The early season has been tough and they have done very well considering. A few have a slight cloudy eye , see the photos. There is another lot of Heifers from this breeder also in this sale. Inspections prior to sale welcome. |
