Assessor Comments	Quality line of April–May drop, vendor-bred Angus heifer weaners. These very well-bred heifers are out of medium to large framed Angus females and are sired by high-indexing Reiland and Flemington Angus bulls. These heifers are showing excellent growth and weight for age and would make ideal future breeders given the opportunity, while also suiting any backgrounding or finishing program. The heifers have been yard weaned, received all standard health treatments, and are ready to perform. Previous buyers have been very pleased with the performance of Sutton O'Brien cattle, highlighting the consistency and quality of the program. These heifers come with the assessor's highest recommendation and are expected to perform. Please note: The vendor will also offer a line of 32 Angus steers in the same sale.
