Assessor Comments

An excellent opportunity to secure a line of Hereford steers with plenty of frame, bone and temperament. Steers are from an Injemira and Wirruna blood infused herd and show good pigmentation, long smooth bodies and hooded eyes; very true to

type Hereford features. Years of breeding in these steers will ensure they continue to grow into premium grass fed bullocks. Bulls are selected with a focus on temperament, feet, depth and length of the body, with these steers being a prime example of all. Proven performers with numerous repeat buyers coming back due to the product produced by the operation. This is a fantastic opportunity to purchase a well bred draft of Hereford Steers. 1 steer presenting with an old eye scar, not deemed detrimental. BUYERS PLEASE NOTE: Vendor has another 2 lots in the same sale (15 Steers & 10 Heifers) A perfect opportunity to purchase a run of quality Hereford cattle from the same property.
