Assessor Comments	On offer s a quality line of 28 AI bred Angus/Fries x heifers that are very quiet. These heifers are by quality AI sires Treasure, Alternative, Output and are out of big 700-800kg Friesian Cows. They have been very well reared and properly weaned onto a complete sileage ration to weigh 221kg with an av daily weight gain of 1kg/day. They have had all their health treatments and have management tags with DOB, Sire and Number. Credit to the vendors they are all good in the eyes. Lovely quiet well bred heifers that be ideal to grow out for quality future breeders which i do not think could find a better bred F1 female. Or simply low cost, nice quiet hassle free heifers to grow out and fatten. There is 3 smaller heifers included in mob.
