Temperament

Yards	Crush	Paddock
Docile: 35 head Quiet: 40 head Slightly Stirry: 7 head	Docile: 29 head Quiet: 41 head Slightly Stirry: 12 head	Temperament not assessed in Paddock

Generally quiet cattle - well handled when weaned. Good to handle through yards & crush.

Handled With	Bikes , Vehicles

Notable Traits

	Traits
18 Head	Residual Eye Scarring

Assessor Comments	Mahkwallok East Pastoral Company Steers - Hereford Steers - 82 Head. An exceptional line of vendor bred EU Accredited Hereford steers that are individually weighed 300kgs to 380kgs. Calves with exceptional doing ability given they are an April May 25 drop. Easy handling calves - the vendor uses low stress management techniques with the calves, and spares no expense in sourcing top sires from Days and Injemira Hereford Studs, with particular emphasis on 600 day growth. Cattle are EU Accredited and PCAS Eligible, and have received Cydectin injectable, Bovilis MH+ IBR, 7 in 1, Marks Min supplement & Moraxella at weaning. An ideal run of calves to feed on to trade/export cattle. Please note: The vendor has 163 EU Accredited Steers in today's sale. Please note: 20th Feb the vendor has used Opticlox Eye Ointment on some of the calves in this consignment. There are 18 steers in this lot with residual scarring/recovering from Pink eye treatment (see photo examples)
