Assessor Comments	A/c Wandilo Agribusiness. 52 Angus and Black Baldy steers weighed 380-452kg full to avg 396kg empty at delivery. These steers were purchased Ex Mt Gambier and Naracoorte saleyards in the November store sales 2025 at an avg of 280kg. The steers were purchased to grow into feeder weight steers and eat the excess feed. With feed running out and the cattle being supplementary fed hay it is time to move them on. The hard work has been done and now these steers have the right weight and age to perform in a feedlot or to be grow into future bullocks. They are showing great weight for age and are continuing to put the weigh on. Please note steers were weighed 380-452kg with only 2 steers falling outside of that, one being 495kg and one 552kg.
