Assessor Comments	120 Angus steers. Purchaser has the ability in buying straight lines of steers showing good bone, frame and stretch. These steers are very even line, been weighed from 300 kg to 370 kg. They are a run of handy Angus steers showing improvement daily now on a green pick . These steers have come through dry seasons fed on hay. Ideal to background/turn out to a paddock or feed lot to heavy weights. The Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for improver cattle to add value to their purchases. Vendor has other lines in this sale to help make up truck loads. This line of steers are the bigger rangy steers out of this group, in fresh forward condition. Highly recommend these cattle.
