Assessor Comments	Buyers, this is a nice line of soft Angus cross steers showing natural muscle averaging 307kg. These steers have great length of body with nice spring of rib. Steers stand on good bone with muscle but still remain soft easy doing types. Steers have nice depth of flank with volume. They are out of medium to large frame Brahman & Brahman cross cows by good quality stud Angus sires. Steers worked extremely quiet through yards and were a pleasure to handle. 2 steers small old blue eye scaring but not detrimental. Vendor has heifers in same sale.
