Assessor Comments Buyers, here is a great opportunity to buy front paddock EU steers with all the hard work done. These steers show tremendous muscle but still ooze softness with bone and skin averaging 374kg. Steers have good frame with plenty of room to fill out. They have good natural thickness with great depth of flank. Steers are out of top quality soft Simmental cross cows by lucrana Simmental, Black Simmental & Rosevale Santa stud sires. These steers are extremely quiet to handle through yards. This a nice line of well bred steers that would make great EU bullocks or feeders. These steers are Grass only eligible and antibiotic free.
