Assessor Comments Buyers a great opportunity to secure a well bred line of good quality weaned Angus Steers. These Steers present in good condition given the season and don't show any set backs. These Steers were trucked from vendor western properties and have been in hand for 5 days prior to being assessed. Steers will remain in a full weaning program up until delivery being fed good quality Oaten and forage Sorghum Hay. Steers are ideal for a backgrounding operation to take through to heavier weights to suit any Angus markets.
