5 Head	Old pink eye blemish
1 Head	White spot on sheath

Assessor Comments	A very even and well grown line of 71 Angus feeder steers averaging 459kg, presenting with strong frame, depth, and plenty of scope to continue growing. These steers offer excellent potential to push on for heavier feeder weights or finish confidently into export bullocks, either on feed or grain-assisted systems. Bred from quality Reiland Angus cows, sired by proven Bongongo and Crawford bulls, delivering solid performance genetics with good muscle expression, length, and bone. Cattle are forward for age, free-moving, and display the temperament and structure buyers expect from a well-managed Angus program. Please note 5 steers with old pink eye blemish and 1 steer with a spot of white on sheath. An ideal opportunity for buyers seeking reliable, high-weight feeders with growth and finishing upside.
