	All excellent to handle, they flowed into the race and through the crush with no issues. One steers was slightly stirry when left in the round yard by himself but was fine when put back with the mob.

Assessor Comments	Bought in steers that have performed well since arriving. Booroobil Pastoral purchased them from near Heywood in September at approx 220kg, they were purchased in by the Heywood vendor from Mortlake saleyards and advertised as 3/4 different lines. They have run and oat crops and pastures which have now gone so the cattle are to go. They were very easy to handle in the yards and flowed out the gates well when the yards were opened up to let them go. They have put on nearly 200kg since arriving and are still gaining weight on the dry feed. They look an even line of steers and will go on the make hvy feeders or bullocks given the feed.
